Upcoming event(s)

(See schedule)

New business:

The berms/backstops need to be reconditioned as soon as the ground dries out.

A 40' container has been purchased and will be placed between the existing trap range and the trap/skeet range under construction, it will serve as storage as well as a safety barrier for the two fields when in use.

An effort will be made to purchase the container that the TCSO has on site that they do not use.

WORK DAY RAFFLE

A RUGER .22 Pistol will be raffled off on the range work day

Tri Tip lunch will be served, bring your Gloves and weed eaters

(Fuel and string will be provided)

Jeffry Tooker will supervise

Topics discussed:

A somewhat spirited discussion regarding the current membership who had not yet paid their 2010 membership fees was discussed.

there are people who wish to be members who would like to participate and would be happy to pay their fees promptly, it has been suggested that if fees are not paid by the 03/01/2010 date that the person would be dropped from the membership roles and would have to re-apply for membership status.

A BOD meeting will take this matter up later this month.

The announcement will be published with the new membership date to be set.

Motion to adjourn by the president @ 1924 hrs:

Seconded by Gene Piellusch.
