Charter Member, Walt Mansel provide a briefing regarding civil action(s) by the CRPA and the NRA against the California Handgun Ammo law to challenge the definition or the lack of what constitutes Handgun Ammo.

CRPA has a action pending against the Sheriff of San Diego County for failure to issue CCW permit(s)

Walt attended the NRA National convention in Charlotte, Nc. in May, 2010 and there was a great turn out including Newt Gingrich & Sarah Palin.

he noted a billboard at a eatery that stated,

"NRA Members welcome to Charlotte, the safest city in America, this week"

He also urges us all to spread the word to get out and vote this fall as we in California have a golden opportunity to take a state Senate Seat away from the Democrats for the first time in a long time.

It has been noted by several members that there are numerous trees in different stages of dying in areas that had been sterilized in the spring, they border areas that were treated with the substance used to defoliate that area(s)
